

PRIYANSH SONI

PROFESSIONAL SUMMARY

Semi-Qualified CA (ICAI — 3 papers cleared) with 3 years of rigorous articleship covering statutory audits of major PSU banks across **10+ client engagements**. Deliberately transitioning into financial analysis and valuation — backed by structured certifications, independent modelling work across **3-5 listed companies**, and current **project-based work** at a fintech firm as an **Investment Banking Analyst** (InvestTech Project).

EXPERIENCE

Investment Banking Analyst

Zetheta Algorithms Pvt. Ltd (04/2025–Current) - Indore, India

- Built NLP pipeline (TF-IDF + classification) to process **100+ financial news articles** across **5–10 stocks** — scoring sentiment and generating structured BUY/SELL signals for simulated portfolios.
- Designed Streamlit dashboard for real-time tracking of portfolio performance, drawdown metrics, and sentiment trends across monitored stocks.
- Ran systematic backtests across multiple market conditions to evaluate strategy robustness — measuring risk-adjusted returns and signal attribution.
- Prepared financial forecasting outputs and deal simulation deliverables as part of ongoing InvestTech project suite.

Equity Research Intern

Finsckool (07/2025-08/2025) - Mumbai, India

- Modelled **Tata Motors** end-to-end — built integrated P&L, balance sheet, and cash flow projections with **3-year segment-level revenue assumptions** across JLR and domestic business.
- Valued the company using DCF and EV/EBITDA comps; prepared a structured investment report with buy/sell recommendation and key downside risks.

CA Article Assistant

Shrimal Bansal & Co. (02/2019-03/2022) - Ujjain, India

- Led audit engagements across **4 major PSU banks** (SBI, Union Bank, Central Bank, Bank of India) — scrutinizing loan books, NPA classification, provisioning norms, and RBI compliance across a combined portfolio of under **₹500 crore**.
- Raised **10+ audit observations** across engagements — covering credit risk exposures, provisioning gaps, and internal control weaknesses; findings reported directly to senior partners.
- Handled **10-20 client engagements** across banking, retail, and manufacturing — assessed working capital health, inventory controls, and regulatory adherence including Ruchi Soya Industries stock audit.
- Supported internal audit assignments — reviewed internal controls, traced transaction flows, and flagged process gaps for corrective action.
- Prepared income tax returns, financial statements, and compliance schedules for corporate and HNI clients.

PROJECTS

M&A & IPO Advisory Case Study — End-to-End Deal Simulation

- Built integrated valuation model triangulating **DCF, trading comps, and precedent transactions** to arrive at a defensible valuation range for a simulated early-stage target.
- Prepared a full Confidential Information Memorandum (CIM) — business overview, financial snapshot, deal rationale, and buyer screening criteria.
- Developed IPO readiness assessment covering IFRS transition gaps, ESG compliance requirements, and draft investor communication strategy.

Financial Modelling — Listed Indian Companies

- Built end-to-end valuation models for **3-5 listed Indian companies** — covering 3-statement projections, DCF, and relative valuation with scenario and sensitivity analysis.
- Developed FP&A forecasting tools to stress-test key business drivers — revenue growth, margin assumptions, and capex cycles — under bear, base, and bull scenarios.

Macro Research — India Regional Economic Convergence

- Authored a **~10-page structured research report** analysing GDP contribution, labour productivity, urbanization trends, and industrial cluster growth across Indian states.
- Identified infrastructure and manufacturing investment themes with strong forward-looking potential; delivered sector-level buy recommendations backed by public data.
